Educational Program Workshop

- This workshop is designed to provide training in Best Management Practices (BMPs) for anyone working in the lawn, landscape, pest control, or municipal grounds areas.
- The Best Management Practices are focused on reducing non-point source pollution resulting from fertilization or pesticide application.
- At the end of this training you will be given a post-test to determine knowledge learned. If the post-test is successfully completed, you will be mailed a Green Industries BMP certificate of completion. This training is required to apply for the **Limited Commercial Fertilizer Application Certification**.
- Online registration available at <https://waltoncountygibmp.eventbrite.com>
